Youth Camp a Success

Thank you to everyone that donated to the youth camp! It was a huge success; we heard that the youth said they wanted to do it again next summer...only to make it longer! That must mean they enjoyed themselves! They had fun singing, praying, laughing, watching films in the evenings, playing together for three days and didn't want to leave. I spent an afternoon with them making Salvation bracelets that were furnished by friends from the Lifespring Community Church. Over 60 youth attended the camp and they were extremely blessed by your gifts!

Because of your donations, they were able to have meat each day (which they would not have had otherwise) and to have a wonderful feast (as they called it) on Sunday evening for their final celebration. I made three cakes for them to enjoy as well. This would not have happened without your help, love and prayers!

Thank you so much from each of the campers and from Velix, who helped organize the camp, and myself. Velix was a huge blessing, helping the youth representatives plan the camp, organizing the camp, and then to help make sure it ran smoothly.

Some of the extra money that was sent will be used to help with two conferences at the churches here. They traditionally supply food on Sunday for those that attend and the money will help them buy food that they need. Plus, it is also helping to buy small gifts for the kids that memorize their versus in Bible school this week and some candy to give to them! Your help with these projects for the kids, youth and churches is a huge blessing. Thank you for all you do for the people here!

Painting the Marfranc Church

We had the best five days with Pastor Fran and the group that came with him. They helped paint the front of the Marfranc church, however they stayed off of the scaffolding because it wasn't very strong. People from the church scraped and painted the top.

We visited a church at Chameau, the Old Folks home in Marfranc and enjoyed a performance of "Holy is the Lord", sung and danced as a joint effort between church members and the visiting group which included members of Fran's family.

Thanks for the Help!

We are so excited about the progress on the house. Thank you so much for all that you have done to help us continue building the house and getting it prepared for our move in October! As you can see from the picture, they are getting ready to pour the cement on the roof...which will take three days, and then two weeks to cure. We have a group here that will weld the security bars that go around the outside of the porch as well as on the outside of all of the windows. We would not be able to move in without this security and your help with fundraising to buy the rebar and metal has been a huge blessing! Thank you so much for everything you do for us, financially as well as spiritually. Please continue to keep us in your prayers, we love you all and can't wait to see you in September. Without your help, we could not be doing all of this! THANK YOU!
