

2024-2025

Annual Impact Report

Everyone deserves a place to *learn*

At the School of Hope, most of our students are the first in their family to learn to read. This year, we expanded into 9th grade and began a flood prevention program to protect the school from seasonal rains.

“Living and working in Haiti is difficult.

Despite the obstacles, New Life for Haiti continues to bring hope for a sustainable future”

- Mike Hoffman, Board President

Projects

Details

Outcome

School of Hope

Added 9th Grade at our model school

- All 9th grade students passed their national exams!
- Added regular visits from a nurse and social worker.

Village of Hope

Cared for children in a loving, Christ-centered environment

- Jean Theodore excelled at the Catholic School and was encouraged to run for class president.
- James Lee's Academic bowl team was the best in Marfranc!

Feeding & Agricultural Programs

Taught sustainable agricultural practices while providing emergency aid

- Provided life giving meals to seniors in Marfranc.
- Distributed seed and goats.

The year in review

Facing adversity with courage, hope and love.

This year saw a return to our volunteer roots. We transitioned from a two person U.S. staff back to an all volunteer operation with Board Members stepping up to manage and fund raise for New Life for Haiti.

Despite having over 90 unsponsored children, we provided support to 360 students, primarily at our School of Hope and Village of Hope.

Our field director Vilex continues to amaze us, finding creative ways to obtain needed supplies despite a lack of a functional government and very limited shipments from the U.S..

Mike Hoffman, Board President

Summer Highlight

Welcomed baby Joey – our Haitian Field Director Vilex and his wife Lovely's first child!

Autumn Highlight

Continued our successful community health seminars, training 50 women in basic first aid, hygiene, and disease prevention.

Winter Highlight

Transitioned from paid staff to an all volunteer model on the U.S. side. This means more of your dollars are going directly to meeting needs in Haiti.

Spring Highlight

Began a flood mitigation project at the School of Hope to direct runoff around our campus. Celebrated Flag Day.

Acknowledgements

Thank you to our many church partners, longtime child sponsors, and friends coming along side our efforts to build a sustainable future for children and families in the Grand Anse River Valley in Haiti!

Your prayers are cherished.

Your continued financial support is truly appreciated.

Your love and heart for the ministry is heart warming.
